PATIO TABLES

All West Teak furniture is handcrafted of 100% plantation-grown teak. Traditional wood joinery methods such as mortise-and-tenons and dovetails are used throughout. Wherever possible, dowels are used instead of screws to ensure a perfect fit. Due to the differences in expansion/contraction rates of wood and metal, no bolts are used for joinery purposes. Each piece has been fully assembled at the factory for superior strength. **Available in all these sizes:**

ET - EXTENSION TABLES						
ITEM CODE	DESCRIPTION	WIDTH	CLOSED		OPEN	
			Length	Seats*	Length	Seats*
