From Walnut Creek/Lafayette, Orinda, Oakland: Take 24 Freeway West. Follow signs for San Jose (880 Freeway South) Just as freeway merges onto 880 South, Exit on Jackson Ave. At bottom of ramp (light), turn left under freeway. At next light, take another left - onto the entrance ramp of 880 North. The ramp splits, stay to the right (Follow signs for Broadway, (don't go left and get on freeway!) At bottom of ramp, (light), take a left on Broadway, under freeway again. Stay in left lane, and take next left into the Webster Tube, which goes under the Oakland Estuary into Alameda. ⇨ (See **From Alameda Tube** below)

From Alameda Tube: As you exit tube you'll have 3 choices, take the middle one for Webster St. At light (Community College on right), take a right onto Atlantic Ave. Proceed about 1/2 mile, you'll come to Alameda Point. You'll see the old guard gates. Proceed thru the gates, notice a jet parked on the grass on your left. Take the first left onto Viking Street. Go one long block to a stop sign; proceed thru and about 50 feet on your right you will see an open gate, with a red lettered banner '1501 Viking'. If you look close you will see a West Teak Sign (see picture below). Turn into this gate, we are in the rear, on the right side of the building.

Below is what you'll see at our gate. In the distance you'll probably see some large Navy ships - this is part of the Naval Ready Reerve Fleet. We're the next building from Nelson's Boatyard, sharing a part of the Power Engineering Contractors building at 1501 Viking St. Park where you can, and come on back!
